ABOUT ME

Dedicated computer science professional with expertise in AI/ML, programming languages like Python, Java, and JavaScript. Skilled in system design, web development, and building scalable applications. Experienced in collaborative, agile environments and passionate about continuous learning and innovation.

PROJECTS

- **Realtime Guestbook:** Developed a live guestbook using FastHTML and Supabase for real-time data updates.
- **Realtime Dating App:** Built using Next.js, MongoDB, Firebase, and NextAuth for authentication and data management.
- **Personal Portfolio:** Designed a portfolio website with Next.js, TailwindCSS, and Framer Motion for animations.
- **INChat Abuse Detector:** Implemented an abuse detection system using Python's FuzzyWuzzy library for text analysis.

EDUCATION

- **2020-2022** **CENTRAL PUBLIC SR. SEC. SCHOOL**
Udaipur - Rajasthan
 - Higher Studies in Major of Physics, Chemistry and Maths
- **2022-2026** **VELLORE INSTITUTE OF TECHNOLOGY-AP**
Amaravathi-AP
 - B.TECH in Computer Science Engineering

EXPERTISE

- Problem-solving
- Design analysis
- AI-ML
- Data Visualisation
- Web Development
- Software design

SKILLS SUMMARY

- **Programming Languages** Python , Java , JavaScript.
- **Frameworks** NumPy, Pandas, Matplotlib, Selenium, Flask, Django, TensorFlow, Pydantic, Langchain, Requests, BeautifulSoup4, Next.js, TailwindCSS
- **DataBases** MySQL, Supabase, Redis, MongoDB, Cassandra, Neo4j
